

## **THANKS KINGSCOURT!**

**First and foremost, I think the whole of Ireland should thank the people of Kingscourt for the spelling of unusually good weather during March. I am personally convinced that it was a result of all the prayers, crossed fingers and positive thinking of everyone in the community for the planned visit of the 31 students from Germany.**

**As part of a school educational trip the students stayed with host families in the local community. From the first warm welcome to the last wave goodbye each and every student had a most enjoyable and unforgettable experience. Thanks to the fine weather they enjoyed all the trips, but it was the warm hearted and kind host families and the friendly people that they talked about most. As a result everyone wants to come back again!**

**I would like to thank over and over again all the host families and everyone who was involved in making this such a successful trip. The help and support I received gave me great encouragement and made me feel very much part of the community that I grew up in.**

**Thanks Kingscourt – there's no place like home!**

**Sandra Kaesmeier (nee Carolan)**
